GOVERNMENT OF MYSORE.

DEPARTMENT OF INDUSTRIES AND COMMERCE.

OFFICE OF THE DIRECTOR,

Dated Bangalore, the 28th March, 1927.

FROM

C. RANGANATHA RAO SAHIB, ESQ., B.A., B.L.,
The Director of Industries and Commerce in Mysore,
Bangalore India.

To

The Secretary to Government,
Development Departments,
Bangalore.

I&C 128-26-8

SIR,

received

With reference to your letter No.D.5011/I&C 128-26-7 dated 31-12-1926 re: the collection of labour statistics and the study of methods, I have the honour to enclose herein for the information of Government copy of letter No.542 dated 3-2-1927 from the Director Labour Office, Bombay and of my letter No.M.2983 dated 11-3-1927 in reply thereto.

I have requested the Director, Labour Office, Bombay, for all the available literature on the subject. If I find, after a study of the literature that may be received from the Labour Office, that it is advisable for me to go to Bombay, I shall make a further reference to Government in the matter.

I have the honour to be,

Sir,

Your most obedient servant,

C Ranganatha Rao Sahib

Offg. Director.

SDN-2) The Dir. Labour Office - - - -
thinks personal investigation
necessary for a satisfactory
resp. Further report may be awaited

Letter No.542 dated the 3rd. Febry. 1927 from Mr.J.F.Gennings Bar-At-Law,J.P., Director of Information & Labour Intelligence,(Labour Office)Secretariat, Bombay, to the Director of Industries & Commerce, Bangalore.

In continuation of my No.8565 dated the 13th. of December 1926 I have carefully considered your request to be supplied with information regarding our methods of collecting statistics of wages etc. and the information we publish in the Labour Gazette from time to time. It appears to me that the most satisfactory method would be for the Government of Mysore to depute you to this office for a week or so because I do not think a mere description would give you anything like the assistance that a visit to the office would do. The statistics we collect and publish cover such a wide field that they can only be properly understood I think by personal investigation. If the Government of Mysore does not see its way to sending a representative here as other Governments have done I should be glad to send you what information I can, but I am very strongly of opinion that it would be more satisfactory to both of us if you could send a representative here.

Copy.

Offg. Director.

Letter No.M.2983/C dated 11th. March 1927 from the Director of Industries and Commerce, to the Director of Information & Labour Intelligence,(Labour Office), Secretariat, Bombay.

I am in receipt of your letter No.542 dated 3-2-27. I am in entire agreement with your view that I could best study the methods adopted by the Information and Labour Bureau in Bombay by a personal study on the spot and am grateful to you for your kind invitation and offer of assistance. I feel however that a deputation to Bombay would be of greater benefit to the State if I should study the literature regarding your methods of work beforehand and endeavour to see how far they are applicable to the conditions prevailing here or possible from

the

the facilities available to me.

I would therefore much request if you will kindly favour me with such literature as may be possible in regard to your office methods of work. After a study of these papers and any local investigations that may be necessary, I shall avail myself of your kind invitation to go to Bombay.

"C o p y.

No. 3474.

24/12

11. There are several points suggested in the Director's letter of 2nd September 1927 and they have to be dealt with.

12. Paras 2 and 3 of his letter:- The suggestions contained in these paras are approved.

NOTE—Contn. sheet.

Wn 0321—GPB—50,000—24-5-27

Serial No.

approved. The Director may be requested to formulate detailed proposals regarding the statistics to be collected, the specific agency for their collection and the periods for which it is proposed to issue reports.

13 Para 4.- The Director's further report promised in this para is awaited. In the meantime, the papers relating to the reports about ~~the~~ immigration of labour required to be furnished by the Deputy Commissioners to the Revenue Commissioner may be put up. If these reports should hereafter go to the Director of Industries & Commerce, it is to be considered whether it is necessary that they should continue to be submitted to the Revenue Commissioner as well.

14 Para 5.- Revised rules under the Factories Regulation have now been finally approved and they will soon be published.

15 District Magistrates are ex-officio Inspectors under Sub-Section 3 of Section 4 and it will be ~~safe~~ enough if this point is mentioned in the notification relating to other appointments.

16 The District Magistrates may be entrusted with the power of sanctioning prosecutions under Section 48 (1). What other powers under the

General and Revenue Secretariat. I & C. File No. of 192

Serial No.

the Regulation should be given to them is a point on which, if possible, we might consult the British Indian practice. It is also neces

(a)

sary to issue specific instructions for the

(b)

guidance of District Magistrates as to what exactly their duties and responsibilities are. The information which the Director has obtained from Madras and Bombay is not quite specifi on this point.

17 The Director has proposed that he might be appointed as the Chief Inspector of Factories. There is no appointment of Chief Inspector under the Regulation. It is necessary to have one central authority who can be held responsible for the general administration of the law relating to Factories and for submission of periodical reports. G.O. dated 11th October 1926 has vested in the Director "the administration of the Factories Regulation including the inspection of Factories and questions connected with hours of labour, over-crowding, sanitation, and such matters affecting the condition of labourers". The Director has therefore to be recognised as ~~an~~ the all-State authority under the Regulation and he may therefore be appointed as Inspector of Factories under Section 4 (1) for the whole State

(a)

The

NOTE—Contn. sheet.

General and Revenue Secretariat. I & C. File No. of 192 .—

Serial No.

The Superintendents of Industries may be appointed as Additional Inspectors under Section 4(4) within their jurisdictions. The Superintendent, Commercial Intelligence, is not a technical officer and I do not think it is advisable to appoint him as an Inspector. The particular duties to be performed by the Inspector and Additional Inspectors may be defined by referring in the orders of their appointments to the Sections and Rules relating to the powers to be entrusted to them.

18 The Director states that District Medical and Sanitary Officers are certifying Surgeons under Section 6 of the Regulation. Is there then an order under Section 6 of the Regulation making these officers certifying Surgeons? The Director's suggestion to entrust to certifying Surgeons powers under Section 9 to 14, 19(a) and 19 (b) may be accepted. If possible, we may ascertain the British Indian practice in this respect.

19 The Director's proposals in regard to the appointment of Health Officers as Surgeons for issue of certificates and also for exercising the powers relating to provisions regarding health in the Bangalore and Mysore Cities may be approved. The recommendation of the Director that

NOTE—Contn. sheet.

that the Deputy Sanitary Commissioner might be the central authority for the administration

e) of all health provisions may also be accepted. It will, however, be useful if it is possible

(iii) to ascertain the British Indian practice in regard to the administration of health provisions contained in the law there. Before these appointments are made, the consent of the

d) Sanitary Commissioner will have to be obtained

20 The Director may be prescribed as the

e) appellate authority under Section 50 (1)

21 Para 6.- Some additional clerical help will be required by the Director and the settlement of this question may wait until some

6) experience is gained of the quantity of work to be attended to in his office

22 The Health Officers in the two Cities and the District Medical and Sanitary Officers

7) have to make their reports to the Deputy Sani-

a) tary Commissioner. The latter may bexx keep the Director informed of all important matters relating to the administration of the health provisions included in the law and also send him an annual report regarding the enforcement of such provisions. The Superintendents of Industries proposed to be appointed as Additional Inspectors are the subordinates of the

NOTE—Contn. sheet.

Director

WD 0321 -GPB-60,000-24-5-27

General and Revenue Secretariat. I & C. File No. of 192

Serial No. b)

Director who may issue such instrictions to them as he considers necessary for keeping himself in touch with the enforcement of the prosions of the law and obtaining from them the material necessary for annual and other reports. The District Magistrates who are ex-officio Inspectors under the Regulation are high officers of another department and what information and report they should furnish to the Director as the central authority, have to be specifically defined in a G.O.

23 Until the issue of the Order of October 1926, the District Magistrates were submitting annual reports regarding the administration of the law relating to Factories. The issue of this order, however, has altered the arrangement and ~~xxxx~~ while one or two District Magistrates sent their reports for the year 1926-27 to the Director, others have not sent their reports in the belief that the Director would himself prepare a report for the whole State. Clear instructions will have to be issued regarding the submission of annual reports.

24 Action on the lines suggested above is calculated to define the relative duties of the different officers and what information and material they have to furnish to the Director

for Sec. to Govt. D.I.

C1-738-27
Ecn 2 Bookcase and Cpts 7 Cbts.

Forwarded with compliments.

28 I beg to note my remarks on the several points raised in the Member's Minute dated 29th December 1927.

29 Para 12 - A bulletin is proposed to be published annually embodying information regarding the condi--tions of labour, wage, statistics etc. It is absolutely necessary to strengthen the Commercial -- Section by the addition of at least one clerk if these Statistics should be regularly compiled and tabulated.

a clerk on R.C.P.

30 This section was largely reduced when the Department was re-organised in 1922. There are at present only 2 Clerks. But the work in the Section has been increased as pointed out in Para 6 of my letter No. C1-738/27-28 dated 2nd Septr. 1927.

31 I suggest that the Superintendent of Commercial Intelligence may be deputed to Bombay to study the work that is being done there by the Labour Office which is publishing monthly a Labour Gazette. The Labour Commissioner strongly recommended a representative of ours being sent to Bombay in his letter dated 3rd February 1927, a copy of which is in this ~~office~~ file.

32 Para 13 - The further report referred to was sent with my No. C2-701/27-28 dated 14th February 1928 to the General Secretary to the Government of Mysore.

33 Para 14 - The rules may be published early.

34 Paras 15 & 16 - I enclose copy of letter No. L. Dis F. 152/27-28 dated 25th April 1927 from the Labour Commissioner, Madras, regarding the duties performed

performed by the District Magistrates in that Presidency.

35 Para 17 - It is proposed that the Director of Industries may be appointed as Inspector of Factories -- under Section 4 (1) for the whole State and recognised as the all State authority under the Regulation. Under the circumstances, I am of opinion that he may be appointed as Chief Inspector of Factories. The qualification "CHIEF" merely defines his relation in respect of the other Inspectors and under the Regulation he is only the Chief of all Inspectors. There is a Chief Inspector of Factories in Madras although this term is not defined in the Factory Act in force there.

36 The Superintendents of Industries may be appoint-ed additional Inspectors under Section 4 (4). I -- think, however, that for the proper administration of the Factory Regulation there should at least be one whole-time officer whose sole work should be that of the Inspection of the Factories and the administration of the Regulation under the Director of Industries and Commerce. This Officer may be called -- Inspector of Factories. This Officer may be select-ed after the Inspector of Factories in Madras, whose deputation to Mysore I have suggested in my letter No. C1-2117/27-28 dated 8th February 1928, comes here and submits his recommendations.

37 Para 18 - The District Medical Officers may be appoint-ed certifying Surgeons under Section 6 of the Regulation. They have been appointed as certifying surgeons in the Madras Presidency under Para 516 of the Madras Civil Medical Code - Vide Para 4 of the Report on the

the working of the Act in Madras in 1926 (herewith enclosed). No orders of Government have yet been issued appointing District Medical Officers as certi -fying surgeons.

38 Para 19 - No remarks

39 Para -20 - No remarks.

40 Para 21 - The question of the additional staff required to carry out the duties under the Regulation may be deferred till the report of the Madras Officer is received. In the Madras Presidency there are 1,278 Factories and the Presidency is divided into 5 circles. There are eight clerks in the office of the Chief Inspector and 2 Clerks in the Office of Inspect -ors. A printed list of the Gazetted staff of the Labour Department with information about ministerial staff of the Inspector's Offices is enclosed. This does not refer to the Clerk required to publish -- Labour Statistics etc., as pointed out in my note above. This additional post is very necessary and a Clerk on Rs 50 may be sanctioned.

41 Para 22 - No remarks

42 Para 23 - The instructions referred to in this para are very necessary.

43 Para 24 - No remarks

44 Para 25 - I have already referred to the suggestion I have made in my letter No. C1-2117/27-28 dated 8th February 1928 recommending that the Madras Government may be addressed requesting the loan of the services of Mr. Krishnaswami Iyer, Inspector, for a period of two months to assist the Department in introducing

G.O.No.1550,Judicial,dated 27th September 1912.

Powers of Inspectors.

With reference to the powers conferred on District Magistrates and the Commissioner of police the Board of Revenue, Separate Revenue, is requested to issue the following instructions to all District Magistrates and the Commissioner of police.

(1) The power to sanction prosecutions under sub-section (1).of section 48 of the Act should not be exercised except in consultation with the full-time Inspector.

(2) The District Magistrates and the Commissioner of Police, Madras, may, as Inspectors, inspect a factory, but they should not ordinarily deal with the technical matters mentioned in section 10, 11, 12, 16 and 18..... .....of the Act. In these cases.....the duty of the District Magistrate or the Commissioner of police is merely to see that the orders passed by the full-time Inspector are duly observed. In other cases they may take such action as they may consider necessary under the Act communicating copies of their correspondence to the full-time Inspector. If the latter officer should demur to any orders issued by the District Magistrate or the Commissioner of Police he should report the facts to the Board of Revenue for decision.

22.2.28.

have to be issued on all points which have been discussed and settled. Please take very early action for issuing them.

9 & ND report on the Working of this Reg.ⁿ appears to have been prepared for one or two years past. The Dir may be asked to send a report for 1927-28. There may not be full material for Compiling this report but we must make a beginning and we may start with the year 1927-28. The Dir may get as much information as possible from the officers concerned and base his report on it. He should make arrangements for the systematic collection of the material necessary for preparing full reports on the Working of this Reg.ⁿ from 1928-29.

24-6-28

102 The Rules have been published in the Gazette in the issue of the 28th June.

Forwarded with compliments

117. I enclose copy of a letter No:2812 dated 30th August 1928 from the Chief Inspector of Factories in the Bombay Presidency along with copies of two Notifications issued by the Bombay Government which give complete information regarding the powers of the Chief Inspector of Factories in the Bombay Presidency in respect of Sections 9, 10, 11, 12, 13 & 14 of the corresponding Act in force there, the relationship between the medical officers appointed as Additional Inspectors and the Chief Inspector of Factories, as well as their relations with the full time Inspectors appointed under the Act.

118. The powers of the Additional Inspector are limited within the limits of his jurisdiction, to enter any factory and make such examination of the premises and registers as may be necessary to enable him to satisfy himself that the requirements of Section 9, 10, 11, 12, 13 & 14 of the Act are being properly observed. The defects found and the remedies suggested under the sections are to be reported to the Chief Inspector of Factories who alone has powers to pass final orders in each case. It will be seen that the additional Inspectors have no authority to pass original orders while inspecting the factories for purposes of the above sections of the Factories Act. Moreover, they have no power whatever to administer sections 19 A and 19 I

NOTE—Contn. Sheet.

General and Revenue Secretariat. | File No. of 192

Serial No.

under the Act, that is to say they are not empowered to issue orders to the Manager of a factory prohibiting him from the admission of children to the factory or issue similar orders regarding the employment of women or men under 18 years of age under certain circumstances.

119. The practice in Madras is exactly the same. But no Notification would seem to have been issued there. The procedure has been fixed by mutual arrangement between the Labour Commissioner and the Sanitary Commissioner under instructions from the Government of Madras. A copy of the letter of the Labour Commissioner to the Sanitary Commissioner in which this arrangement is described is printed in the Manual of Official Orders, a copy of which was kindly given to me by the Labour Commissioner, Madras, when I was there last month. The copy is submitted herewith and may kindly be returned when done with. The letter referred to is flagged.

120. I do not consider that so important a matter should be left to be decided by mutual arrangement by two Heads of Departments. I think the practice in Bombay may be followed and the powers of the Medical Officers appointed as Additional Inspectors and their relationship to the Chief Inspector of Factories should be embodied in a Notification as in Bombay.

NOTE—Contn. Sheet.

121. The revised rules under the Regulation come into operation on the 28th of this month. request very early orders on my letter No:C1-2117 27-28 dated 22nd August 1928. The Notifications proposed in that letter should be issued at once.

122. I have already stated in the letter that it is desirable to define the powers of District Magistrates. The practice in Madras may be strictly followed.

123. Before concluding this Note, I request permission to refer to some of the points dealt with in the File on my letter No:C1-738 of 1926-27 dated 2-9-1927 on which no orders have yet been passed. They refer to the duties imposed on me as Labour Commissioner in G.O.No:1267-1317/C.B.84-26-2 dated 11-10-26 apart from the administration of the Factories Regulation. Orders on these points have been presumably deferred until the questions arising in the working of the Factories Regulation have all been settled.

124. It is desirable to depute the Superintendent of Commercial Intelligence to Bombay to study the work connected with the preparation of the Monthly Labour Gazette. A Clerk on Rs50/= should be

NOTE—Contn. Sheet.

Serial No.

be appointed to be in charge of all the correspondence, compile the information and prepare the material for the issue of the Monthly Labour Gazette He may also be responsible to look after all the correspondence arising from the appointment of the Director as Chief Inspector of Factories. This appointment may be made for one year in the first instance. Orders on these points have been passed by the Member in Paras 52 & 53 above, and may kindly be issued early.

125. The Deputy Commissioners may be required to send copies of their reports to the Revenue Commissioner regarding Emigration or immigration to the Director of Industries also.

126. The amendment of the Emigration Regulation referred to in my letter No:C2,701/27-28 dated 14th February 1928 may be taken up early.

127. No reports regarding the working of the Factories Regulation seem to have been issued for some years past. It is desirable that the District Magistrates should be requested to forward their reports for their Districts for at least 1927-28 to me in order that this may be included in my annual administration report for that year. This matter has already been ordered by the Member in Paras 23 & 24 of his minute dated 29-12-1927 above.

BV. 2019

Letter No: 2812 of 1928 from the Chief Inspector of Factories, Bombay Presidency, Bombay, to the Director of Industries and Commerce in Mysore, Bangalore.

Subject:- Indian Factories Act.

Powers of Medical Officers appointed as additional Inspectors under the -

&&&

With reference to your letter No:C.2117/27-28 dated the 21st/22nd August 1928, I have the honour to state that the only medical officers appointed additional Inspectors of Factories under Section 4 (4) of the Indian Factories Act, 1911, are the Director of Public Health and all the Assistant Directors of Public Health in the Bombay Presidency, the Certifying Surgeon for the Town and Island of Bombay and the Certifying Surgeon, Ahmedabad. The powers of any one of these additional Inspectors are limited, within the limits of his jurisdiction, to enter any factory and make such examination of the premises and registers as may be necessary to enable him to satisfy himself that the requirements of sections 9,10,11,12, 13 and 14 of the Act are being properly observed. The defects found and remedies suggested under the said sections are to be reported to the Chief Inspector of Factories who alone has powers to pass final orders in each case. It will thus be seen that the said additional Inspectors have no authority to pass any original orders while inspecting factories for purposes of the above sections of the Factories Act. They also have no power whatever to administer Sections 19A and 19B of the Act.

2. As regards the relations between the additional Inspectors and the full time Inspectors I may state that the additional Inspectors work quite independently of the full time Inspectors. Their position, so far as their work under the Factories Act is concerned, is subordinate to the Chief Inspector of Factories.

p.T.O.

3. Copies of Government Notifications relating the appointment as additional Inspectors of the above mentioned officers and their powers under the Act are herewith forwarded as desired.

'COPY"

No. C1-738-27

GOVERNMENT OF MYSORE.

DEPARTMENT OF INDUSTRIES AND COMMERCE.

OFFICE OF THE DIRECTOR,

Dated Bangalore, the 2nd September 1927.

FROM

C. RANGANATHA RAO SAHIB, ESQ., B.A., B.L.,
Director of Industries and Commerce in Mysore,
(Bangalore India.)

To

N. RAMA RAO, ESQ., B.A., B.L.,
Secretary to the Government of Mysore,
Development Departments,
Bangalore.

SIR,

With reference to the correspondence ending with your letter No: D.943/I&C.128-26-9 dated the 23rd July 1927, calling for proposals regarding the Administration of Factories Regulation, I have the honour to state as follows:-

1. Government in their Order No: 1267-1317-C.B.84-26-2 dated 11-10-1926 entrusted to this Department the discharge of duties relating to (a) the study of the economic conditions of labour and the formulation of proposals to improve their condition (b) the collection of wages statistics (c) Emigration of labour and (d) the administration of the Factories Regulation.

2. At present no attempt has been made to make a careful and systematic study of the economic conditions of labour. We have to arrange for the systematic collection of information regarding the condition of labour both in the urban and in the rural areas. It is proposed to publish Reports on the several subjects affecting labour on the lines adopted by the Bombay Labour Office. Copies of their Reports are enclosed herein for the information of Government (To be obligingly returned when done with). The necessary data required will be collected through the Agency of the local Revenue Officers in the rural areas and by the staff of the Department within the limits of the Cities and towns

P.T.O.

X 38

3. With regard to the collection of wage statistics, it may be stated that the Deputy Commissioners of Districts have been collecting statistics of wage rates prevailing in their districts for skilled and unskilled labour in rural areas and a reference is made to the wages of labour in the State in the Annual Administration Report of the Revenue Department. Wages of labour in the urban areas are not being collected. In view of the importance of these statistics, it is necessary to arrange for a systematic collection of wages for several grades of labour in the important industries in the Cities and also of agricultural labour in rural areas.

4. The information regarding the Emigration of Labour is now being collected by the Deputy Commissioners of Districts and furnished to the Revenue Commissioner. They may be requested by Government to furnish the same information to me also. To supplement this information, an Officer of the Department will visit the several centres from which labour is likely to emigrate or to which outside labour is imported and study the local conditions on the spot. Before any further action is taken in this connection, it is necessary to amend our Emigration Regulation so as to bring it into a line with the Emigration Act now in force in British India. I am submitting a separate report to Government on this subject.

5. Though the amended Factories Regulation has technically come into force its provisions cannot be enforced as Government have not yet issued the Rules under it. The draft of the Rules to be issued, has been published in the Gazette for the information of the public and they are now under the consideration of the Board of Industries and Commerce.

District Magistrates of Districts are the Inspectors of Factories in their jurisdiction, as provided for by clause 3 of Section 4 of the Regulation. They may continue to inspect the Factories, but in accordance with the practice followed in the

Madras and Bombay Presidencies, they should not issue original orders under Chapters III & IV dealing with provisions relating to safety, hours of employment, health and holidays etc. Their duties under the new Regulation may be confined to sanctioning prosecutions under Clause 1 of Section 48 and to see that the orders of the full time Technical Inspectors of Factories are enforced.

The duty of administering the Regulation may hereafter be entrusted to the full time Inspectors of Factories appointed under Clause 1 of Section 4, and working under the Chief Inspector of Factories. The Officers of this Department that may be so appointed as Inspectors of Factories are shown in the statement enclosed and they will have jurisdiction in the several areas marked against them.

The District Medical and Sanitary Officers are Certifying Surgeons under Section 6 of the Regulation. They may also be appointed Inspectors of Factories in their jurisdiction to administer only the provisions of Sections 9 to 14, 19 A and 19 B dealing with health and sanitary conditions. The Health Officers of the Mysore and Bangalore Cities will exercise similar functions in their jurisdiction. The Deputy Sanitary Commissioner may be appointed Inspector to administer these provisions all over the State.

6. The work relating to the several functions enumerated in the Government Order quoted above with regard to Labour and Labour Problems will have to be attended to in the Commercial Section of this Office. This Section has already been attending to the work entailed by the administration of the Petroleum Regulation, Patents and Designs Regulation, Posts and Telegraphs, Collection of Trade Statistics and commercial enquiries etc. It is difficult to cope with the extra work involved without adding to the existing staff. At least 2 Clerks and a menial are felt necessary for the Office of the Chief Inspector of Factories and also for the collection and compilation of the statistics of wages and prices etc. I therefore recommend the addition to the existin

X staf

staff of 2 hands one on Rs. 60/= a month, the other on Rs. 30-2-40 and a menial on Rs. 11/= a month. I request the sanction of Government to the extra staff may kindly be obtained.

I have the honour to be,

Sir,

Your most obedient servant,

C Ranganatha Rao Sahib

DIRECTOR.

1800

Sir

With reference to your letter No. D. 11516 H. C. 128-26-11 dated the 27th April 1928, I have the honour to state that, as proposed the Deputy Sanitary Commissioner, the District Medical and Sanitary Officers and the Health Officers of the City Municipalities may beappointed as additional Inspectors of Factories in their respective charges for carrying out the provisions of sections 9 to 19 (A) and 10 (B) of the Regulation.

In regard to the other suggestions, however, viz., appointing the Health Officers and the Deputy Sanitary Commissioner as certifying Surgeons - I apprehend some difficulty. The work of a certifying Surgeon oftentimes involves intensive medical examination, such as cannot be expected to be efficiently performed by others than an officer who, in various capacities as an examining medical officer, is in close touch with such duties. The employment of officers exclusively belonging to the Sanitary Department as certifying surgeons does not therefore appear to be a very appropriate arrangement. Moreover, in the case of the Deputy Sanitary Commissioner, the charge is too extensive for the arrangement proposed.

I have the honour to be

Sir,

Your most obedient servant

Sanitary Commissioner M

NOTIFICATION.

18th Oct - 1928

1. Notn. No.950 dated 25th July 1928
2. " No.964 dated 25th July 1928
3. " No.3765 dated 29th September 1928.
4. " No.3766 dated 29th September 1928.

In continuation of the marginally noted notifications appointing certain Officers under the amended Factories Regulation VI of 1925 and defining their jurisdiction etc., and in exercise of the powers conferred by Section 4 (5) of the Regulation, the Government of His Highness the Maharaja of Mysore are pleased to declare that the several classes of Inspectors of Factories appointed, shall respectively exercise the powers specified below:-

(i) The Superintendents of Industries of Mysore, Bangalore and Shimoga Divisions will be the Technical Inspectors of Factories and will be empowered to administer, within their respective jurisdiction all the provisions of the Regulation. All the returns, notices, and statements, required to be furnished under the Regulation by the Occupiers or Managers of Factories, shall be sent to these Inspectors. Notice of accidents to be furnished under Section 34 of the Regulation shall be ~~required to~~ be sent both (i) to the District Magistrate of the District or if he, by a general order, so directs, to any other Magistrate of the first class and ~~also~~ (ii) to the Inspector of Factories (Superintendent of Industries) having jurisdiction. In respect of all matters relating

57

to the administering of the Factories Regulation, the Superintendents will be subordinate to the Director of Industries & Commerce (Ex-officio Chief Inspector of Factories) who may prescribe such reports and returns to be furnished by them and issue such instructions to them from time to time, as he considers necessary, for keeping himself in touch with the enforcement of the provisions of the law.

(b) The District Medical and Sanitary Officers and the Health Officers of the Cities of Mysore, Bangalore and Kolar Gold Fields, will administer the provisions of Sections 9 to 14, 19 (A) and 19 (B) within their respective jurisdiction. These officers will be subordinate to the Deputy Sanitary Commissioner who has been appointed Inspector of Factories ~~over~~ the whole State, to administer the provisions of the same sections under the Regulation and will submit their reports to him through the District Magistrate, copies thereof being sent to the Superintendent of Industries (Inspector of Factories) having jurisdiction.

(3) The Deputy Sanitary Commissioner will ~~be in touch with~~ the Chief Inspector of Factories and inform ~~him~~ of all important matters relating to the administration of the health provisions ~~under~~ the ~~Factories~~ Regulation. He will furnish on the 15th July and the 15th Dec. a half-yearly return to the Chief Inspector of Factories showing the number of inspections made by him and by the Inspectors under his control, with a brief account of action taken in each important ~~individual~~ case.

(d) The District Magistrates who are Ex-officio Inspectors under Section 4 (3) of the Regulation will be empowered to inspect factories, but they shall not ordinarily deal with the technical matters, mentioned in Sections 10, 11, 12, 16, 18, 19 (3) and 20. In such matters as to ~~cases~~ the District Magistrates ~~shall~~ merely see that the orders passed by the Inspectors (Superintendents of Industries or Officers of the Health Department as the case may be), appointed under Section 4 (4) are duly observed. In other cases, the District Magistrates will be empowered to take such action as they may consider necessary, under the Regulation, communicating copies of the correspondence to the Inspectors referred to above. If the Inspectors should demur to any orders issued by the District Magistrate, they should report the facts, to the Chief Inspector of Factories (direct, or through the Deputy Sanitary Commissioner as the case may be) for decision. The District Magistrates alone are empowered to sanction prosecutions under Section 48, (1) of the Regulation but such power shall not be exercised by them except in consultation with the Inspectors appointed under Section 4 (4) of the Regulation, for ~~that~~ area concerned. The District Magistrates will furnish each half year on the 15th July and the 15th Dec. to the Chief Inspector of Factories a return showing prosecutions sanctioned by them in the previous half-year.

(6) The District Medical Officers, and Sanitary Officers of the City of Bangalore and of Mysore and the Kolar Gold Fields appointed Certifying Surgeons under Section 6 of the Regulation, will exercise all the functions assigned to them under the Regulation and they will submit their reports to the Chief Inspector of Factories.

(7) The Chief Inspector of Factories is empowered to administer all the provisions of the Regulation throughout the State and is also the authority to hear appeals under Section 50 of the Regulation - against the orders passed under Sections 10, 11, 12, 16, 18, 18 (A) or 19 (A) by the Inspectors of Factories. The District Magistrates, the Deputy Sanitary Commissioner and Superintendents of Industries, in their capacity as Inspectors shall furnish to the Chief Inspector, every year, on the 15th July a report, together with such statements as he may prescribe, on the administration of the Factories Regulation in their respective jurisdiction, for incorporation in the annual report to be submitted by him to the Government. ~~by the Chief Inspector of Factories~~. The first annual report on the administration of the amended Factories Regulation VI of 1925 will be for the year 1927-28.
